

The AFSS North Executive Board has made a proposed change to the Section Bylaws. The changes are:

- 1) Article 2 Section 2.1 Active Membership on page 3.

“Active members shall be comprised of Fire Service administrative professionals of regularly organized public, military, private and industrial fire agencies, *Fire/EMS dispatch centers and the California Fire Chiefs Association (our parent body).*”

Please review the attached document. Each Section will bring this to discussion and vote at their September quarterly training meeting.
